GIFT OF
DANIEL B. FEARING
20 JUNE 1918

Special Notice to Customers.

In ordering goods, please write your letters, and particularly your address, very distinctly, stating City, County and State, and if possible the street and number of your house.

GOODS BY EXPRESS, C. O. D.

I send goods in this manner when the Order amounts to \$2.00 or more. Smaller amounts please forward in funds to cover amount of Order.

I will accept U. S. Postage stamps in payment to the amount of \$1.00. One and two cent stamps preferred.

When goods are ordered to be sent C. O. D. by express, please enclose 25% of amount ordered. Customers will save return charges by forwarding funds to cover amount purchased with order.

GOODS BY MAIL.

Most goods can be sent by Mail as merchandise at the rate of one cent per ounce.

Goods are sent by Mail only when so ordered, at purchaser's risk. P. O. charges are 10 cts. for each letter and every package registered.

If you want goods to be sent by registered Mail, please enclose the above amount.

HOW TO REMIT.

I consider remittances per registered letter perfectly safe. It is best to send P. O. Money Order for small amounts, and Drafts or Checks for larger amounts made payable in New York City to my Order.

1

To my Patrons and Friends.

In presenting this new and Illustrated Catalogue, I consider it not out of place to invite your confidence for the reason of my long and practical experience as a manufacturer of Fishing Tackle.

Having manufactured Rods and Reels of the better quality exclusively for the past twenty-five years, during which period I have catered to the majority of the most expert anglers, I am, as you will readily admit, placed in a position to thoroughly understand the wants of the most exacting buyer.

I would particularly call your attention to the superior quality of the materials used in goods of my manufacture, also to their thorough workmanship. My Stock of Fishing Tackle will be found as complete as a careful study of the needs of Anglers can make it, and I am constantly adding all novelties of acknowledged merit.

Having visited all the noted fishing grounds and acquainting myself with the necessities of the Angler, I am prepared to furnish tackle suitable for all sections of the country.

Trusting you will favor me with a continuance of your patronage, I remain,

Very Respectfully,

EDWARD VOM HOFE.

Copyright, 1889, by EDWARD VON HORN.

EDWARD VOM HOFE'S SEPTANGULAR SPLIT BAMBOO RODS.

The vast superiority of the Septangular Split Bamboo Rod (of which I am the only manufacturer) over Split Rods which are sold to the trade generally, lies in the fact that in a seven strip Rod we get a more perfect round Rod than in any other for the reason that it is even on all sides and corners, thus making the spring uniform all around.

- No. 1, shows a transverse section of Bamboo Cane, and the dotted lines when a piece has been split out.
No. 2, the shaded part shows the strip for cementing.
No. 3, shows the shape of a joint when the strips are cemented.

As to the selection of Bamboo, *my* long experience in handling the same should be a guarantee that none but the best material is used. They are hand made, with superior metal work, also accurate fitting of shouldered waterproof ferrules, and special care is given to the proper balancing of all Rods.

I claim these Rods to surpass any other in the market for spring, strength and durability. Rods of any description made to order.

FINEST QUALITY
SEPTANGULAR SPLIT BAMBOO RODS.

MOUNTED IN FINE GERMAN SILVER.

Water-proof Shouldered Ferrules, E. vom Hofe's Standard Reel Seat, Cane Wound Handles.

QUALITY SURPASSED BY NONE.

Agate Tips for the above Rods extra. Any style of Rod not mentioned, made to order.

For Illustration of E. vom Hofe's Independent Butt, see next Page.

E. VOM HOFÉ'S
INDEPENDENT BUTT.

The Independent Butt, 18 inches long, Cane Wound, Standard Reel Seats, Waterproof Dowels, was first introduced by MR. E. VOM HOFÉ, and of which I make Three (3) Standard sizes, Nos. 4, 5 and 6. The advantages of these Butts to *Anglers* are:

First, That they are almost indestructible.

Second, That Rods of various description, Split Bamboo, Greenheart, Bethabara, Lancewood, Calcutta Bamboo, in one piece or jointed, are made to fit the number of Butt.

Third, That a Rod may be left at various Fishing resorts leaving only the Butt to carry.

Fourth, That the Angler is required to send on the number of the Butt only, to have a new Rod replaced.

Fifth, That Rods of any length, weight and quality can be applied to the same.

The No. 4 being chiefly used for Black Bass or light salt water fishing; Nos. 5 and 6 for Striped Bass or heavy trolling Rods; No. 6 principally for Tarpon Rods.

Price, \$5.00 each.

FINE QUALITY
